## 14 mm / 45° - Round

With our new created product, we'd like to bring a new dimension of performance in snap frames. Our team in R&D department focused on transforming their knowledge into a new method of production process and in turn generated the new beneficial model; Opti-Frame is not only in multi functional service of application with variety of mounting options at the back, but also comes along with very competitive offers to support distribution growth in the wild competition of snap frames. The product is protected in world with all required patent applications and already certified with DE and OHIM papers.

Opti Frame comes ready to wall mount with fixed hangers and holes on 2 long sides. Opti Frame is packed individual in carton box.

Optional counter support offer a new counter stand position available standard in each unit in portrait and landscape position. Rounded mitred corners serve for the safety in crowded environment.

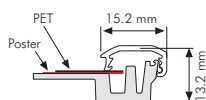

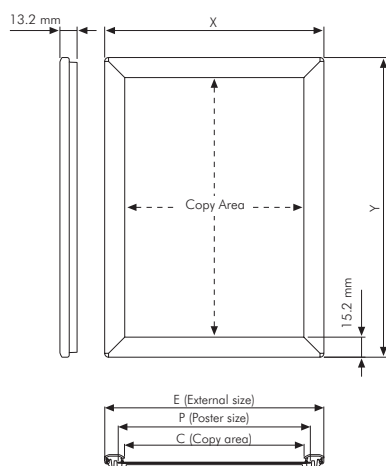

Suitable for silk-screen printing max. letter height is 7 mm.

Lockable Window Frame system is present in 32 mm profile. With anti-reflex PET cover on both sides of the window, posters can be displayed both indoor & outdoor. The system includes decorative back profile to hide the double sided adhesive tape which holds the frame to the window. The tape surrounds the total frame and prevents the water flow inside to keep the poster dry. The profiles open sequentially, the lockable system prevents easy access to the poster.

Each Frame includes an allen key to open the locked profile. Double PET cover. Double sided tape surrounding around the frame internal & external. Each frame is packed individual in carton box.

! Please clean the surface before applying the double sided tape for better application. Suitable for silk-screen printing max. letter height is 16 mm.
